## PUNCTUALITY, ATTENDANCE AND AM REGISTRATION

We would like to remind parents/carers of the importance of regular and punctual attendance at school. Our school day begins promptly at **8:37 am** and AM registers close at **9:15 am**.

**If your child arrives after 9:15 am, this will be recorded as an unauthorised absence for the entire morning session, in line with our school attendance policy and DFE guidelines.**

**1 day off school unauthorised, amounts to 2 unauthorised absences due to the legal requirements of a AM and PM register mark in a school day.**

**Please note medical evidence is required for all illnesses to be authorised.** This includes prescriptions, appointment cards, medication or confirmation from a medical professional. Without medical evidence all absences will be recorded as unauthorised.

If a student arrives when the gate has closed, they are late for school and will receive a punctuality detention.

Detentions will be set for the following day after the student is late.

...the 1st time that half term: **Yellow (20 minutes)** detention the next day

...the 2nd time that half term: **Amber (40 minutes)** detention the next day

...the 3rd time that half term: **Red (80 minutes)** detention the next day

...more than 3 times that half term, they will receive a **red (80 minutes)** detention the next day

...after 9:15am the student will receive an **Amber (40 minutes)** detention

COLASP 2025-26 Climate & Sustainability week will take place from 9th - 13th February 2026. With the slogan 'No one is too small to make a difference', students will have the opportunity to engage in a series of activities aimed at inspiring them to take action to protect our environment.

The week will start with our School's Climate Ambassadors in Year 9 and Year 10 presenting the topic in our school assembly on Monday the 9th. Students from Year 7, 8 and 9 have chosen 4 topics to discuss during this week: food waste; energy consumption; fast fashion and plastic bottles. Our Climate Ambassadors have designed information posters on each of these topics, which will be displayed across the School.

During the week, our students will learn about how to contribute to make COLASP more Eco-friendly. They will discuss this in their PHSE lessons; participating in a Climate quiz competition; filling in a crossword (Treasure hunt style) finding out what their teachers are doing to protect the environment, and more. Merits and prizes will be available.

Parents/Carers please encourage your children to participate in these activities and to consider joining the Climate Ambassadors Club with  
**Mr Gomez de la Torre.**

# COLASP News

As a school we seek to provide as many opportunities for learning outside the classroom as possible. Whilst we are always looking for grants and funded options, not all trips can be covered.

We have therefore created the 'COLASP Student Trip Access Fund' with the aim of raising money to support those who may otherwise not be able to afford some trips. Examples of trips this fund will initially support are the ski trip, Duke of Edinburgh and Iceland.

To make fundraising as easy as possible we have created a GoFundMe page.

All donations however small would be greatly received, as would any and all sharing of the fundraising page with friends, neighbours, colleagues etc.

Students are also encouraged to come up with fundraising ideas for which they can now simply share the QR code below to collect donations.

Thank you in advance for any sharing and donations!

Should you have any questions about this, please get in touch with

**Are you in Y10 or Y11?**

**Do you like biology?**

If you are interested in biology, and want to improve the health and wellbeing of people, there are loads of careers where you can do this without becoming a doctor or other clinical professional. And the good news is that there are huge numbers of these fascinating jobs available for life sciences graduates with the right skills. We'll explore these opportunities, give advice on choosing the right university course and offer you an exclusive look at a brand new degree being developed at Imperial College.
